

## DERMALEVE

Suffering from chronic eczema or psoriasis?

**Prefer to avoid steroidal topical treatments?**

Dermaleve Advanced Formula Soothing Cream is a non-steroidal cream proven to relieve the agonizing

**Symptoms of chronic skin conditions.**

A chronic skin condition like psoriasis or eczema can have a serious negative impact on your self-confidence. The search for a treatment that actually works, and is fast and safe can be frustrating. Dermaleve emollient cream is steroid-free, allowing you to use it daily without the fear of harmful side effects.

**YES! Please send my tube of Dermaleve today!**

### SrX-38 Formulation in Dermaleve Advanced Soothing Cream.

This powerful formulation has been clinically tested and proven to provide a potent, anti-inflammatory, anti-irritant, and anti-allergic effect on the skin. Dermaleve with SrX-38 is effective and safe for daily use.

**Relieve your dry, itchy, irritated skin with Dermaleve Advanced Formula Soothing Cream. Regain your self-confidence. Reclaim your life—with Dermaleve.**

Act now to reserve your bottle of Dermaleve for only **\$58**—mailed to your home. Your skin will thank you—and you'll thank Dermaleve.
